

Finding the Right Club for your Child

What should you consider when your child joins a club?

Is there a Club Welfare Officer in place?
Who are they?

Have the coaches & volunteers been safely recruited?

Have you been given a copy of the Codes of Conduct?

Are the activities fun & inclusive with a focus on skills development ?

Do the coaches plan & prepare well for training sessions?

Is there a good ratio of coaches/volunteers to players?

Are coaches approachable? Do they listen to players?

Have you been asked to complete the player registration process?

Have you been told what your child needs in order to take part?
