Assigning an account over in RugbyConnect

When a youth player turns 18 their parent/guardian can now change ownership of the youth player's account so that the youth (now adult) can access their own account using their own email.

This can be completed by logging in to the parent/guardian's account:

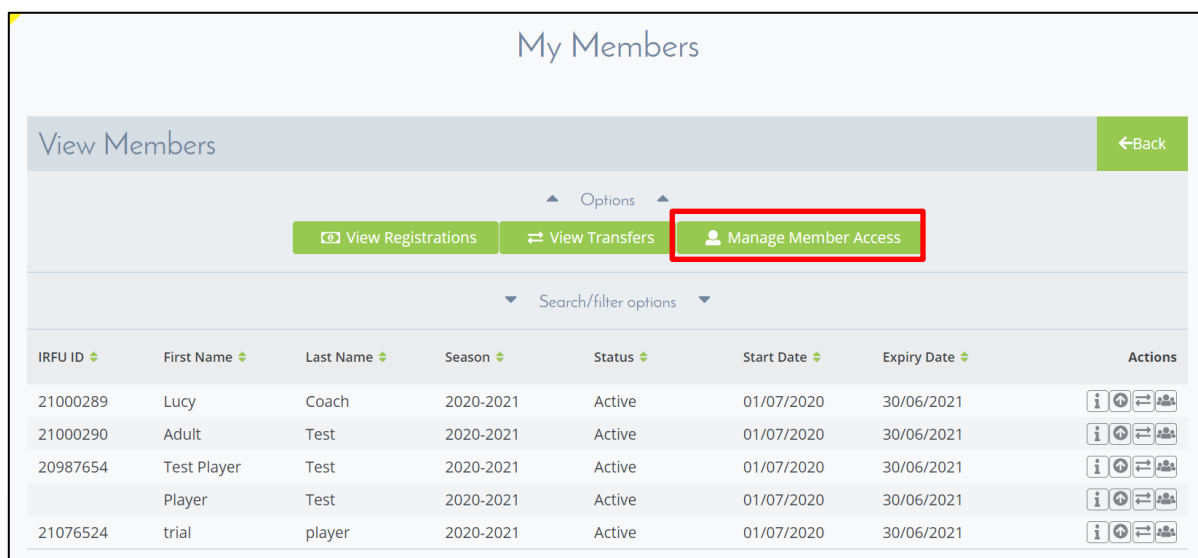

<https://sportsmanager.ie/sportlomo/users/login>

The process is described below:

On the left side of the screen select the "Member Details" link from the list of tabs.

The page below will appear, which shows all members on the current account. Select "Manage Member Access" as shown below.

Select “+ Grant Permission”.

Next, select the member you wish to ‘remove’ from your account. In this case I am selecting to remove ‘Player Test’ from my account. Click the icon and the player will show on the right side of the screen under “Permission Assignment”.

Select ‘Assign Over’ from the Permission dropdown options. This will allow you to ‘remove’ the selected member from your account and reassign to another email.
