The emphasis must be on getting the match played and all reasonable endeavours must be demonstrated in doing so, to the satisfaction of the NCC.

Appendix 1 Player Points System (“PPS”)

1. Definitions used in the PPS:

- **‘Home Club’:** the club with which a player commenced playing at Mini/youth level. A player may leave the club to attend a school or 3rd Level Club but must return directly to their original club following secondary school and/or college to retain their point status of one (1). *Note: this status is retained even if the player achieves National and/or Provincial U18/19 representation and remains with the home club.*
- **‘Profile Player’:** a player who has been named on a National and/or Interprovincial U18/19 match day squad (i.e. named on the Team Sheet).
- **Dual-Status Player:** a ‘positional specific’ player who is registered with a Junior Club, and with the prior permission of the National Competitions Committee participates in the League on a match by match basis.
- **Club:** No differentiation between senior or junior clubs occurs within the PPS. Taking into consideration the player panel analysis, the PPS will apply equally across all clubs (including 3rd Level Clubs).

○ 2. Implementation of the PPS

- The PPS only applies to the All Ireland League.
- For the 2024/25 season the combined value of the AIL Squad must not exceed 100 points (i.e. sum of the 45 players or more must not exceed 100 points). *During the 2024/25 season the PPS will be monitored and may be reduced or increased in future years.*
- All members of All Ireland League Panel (AIL Panel) must be registered via the IRFU RugbyConnect system by no later than the date as outlined in the League Regulations.
- Each Club must nominate a minimum of 45 players, with no maximum number of players as long as the 100 point cap is not exceeded.
- Clubs will be required to submit their AIL playing panel a minimum of 7 days before the commencement of their respective league. The submission will occur using a pro forma indicating the player name, Registration Number, player history and point allocation. All Club Submissions will be available for reviewing on the IRFU Website. Appropriate sanctions will be applied for providing incorrect or misleading information.
- The Player points matrix outlined (overleaf) indicates the point value allocated due to a transfer.

- Any player after having been registered with the same club for 4 consecutive years (including the current season) reverts to a 'one (1) point' classification.
- A player registered in a club, who is in full-time third level education (i.e. register for full-time 3rd level education) who transfers to University/College Rugby Club of that institution will carry a points transfer value of 2 points in that first season. (and revert to 1 point for subsequent seasons).
- To accommodate injury and school leavers being promoted to the 1st Team Panel, an 'update window' will occur at the half way point of the All Ireland League. Clubs will be allowed to promote up to five (5) players (and drop up to 5 players) from their panel as long as the point value does not exceed 100 points and the minimum panel does not reduce below 45 players. All players must be registered with the club in line with the regulations.
- A club can apply to the All-Ireland League Committee to reduce the points allocation of a player who is required to relocate more than 100 km for employment or any other valid reason. For the 2024/25 season, the point reduction will be two (2) points, and will revert to 1 point for future seasons with that club. Clubs will be required to provide appropriate evidence (including evidence of residence and employment).
- A club can apply for inclusion of school leavers (of that calendar year) into the panel prior to 1st November on the basis of education requirements, as long as the 100 points cap is not exceeded. Clubs will be required to provide appropriate evidence.
- Contract, Development and Academy players will be treated the same as players transferring between clubs. A player returning to their 'Home Club' will be allocated 1 point. However, there may be exceptional cases where the IRFU and/or Branch allocates players, including Academy players to specific clubs (i.e. a Club is demoted from Div 1); in this circumstance the AIL Committee will liaise with the relevant IRFU/Branch Representative and at its discretion may decrease the transfer point value.
- The IRFU acknowledges the role of the AIL in being a platform for the development of players for the provincial and national teams. Where a club loses a Non-Contracted player to a Full Professional Contract that club may make application to the AIL Committee for a points concession for a replacement player who is transferred into the club to fill the vacancy in the AIL Panel. *(Note: for the avoidance of doubt a contracted player is either a full, development or academy player)*
- Dual-Status players can only be used by a club in exceptional circumstances and on a match by match basis by prior approval of the

AIL Committee. Clubs will be required to indicate which first choice player they are replacing, and the dual status player comes into the panel at the same value as the player they are replacing (i.e. if they are replacing a player at 3 points then regardless of the playing history of the Dual Status Player they will also be classified at 3 points). The player substituted will be ineligible to participate in any other matches on that weekend.

3. Player Points Matrix

Note: the points only apply to the year in which they first appear in the AIL Panel.
